Blanc de Blancs

Brilliant golden robe with delicate green glints, clear and crystalline. The effervescence reveals exceptionally fine and persistent bubbles.

Complex and deep on the nose, revealing white flowers such as hawthorn and linden, lifted by citrus zest and a subtle brioche note. The palate is silky and refined, with delicate, persistent bubbles. A vibrant mineral backbone supports an elegant structure, both intricate and balanced. Concludes with a long, saline finish of impressive persistence.

Best served chilled at 6–8°C. Sublime as an aperitif or with seafood.
